Pre-Existing Medical Condition

Available

Your plan may provide Pre-Existing Medical Condition Coverage if you, a traveling companion, or family member has a Pre-Existing Medical Condition. A Pre-Existing Medical Condition is an injury, illness, or medical condition that, within the 120 days prior to and including the certificate purchase date: 1, Caused a person to seek medical examination, diagnosis, care, or treatment by a doctor; 2. Presented symptoms; or 3. Required a person to take medication prescribed by a doctor (unless the condition or symptoms are controlled by that prescription, and the prescription has not changed).

This plan waives the exclusion for pre-existing medical conditions if at least one of the following conditions are met:

1. The trip was purchased during the coverage period;
2. Your policy was purchased within 14 days of the date of the first trip payment or deposit; or
3. You have continuous coverage. You have "continuous coverage" when the Coverage Effective Date of this policy is no later than seven days after the Coverage End Date of a previous annual policy issued to you by us.
