**The 1886 Stetson Mansion** in Deland, Florida is the largest and most spectacular "Gilded Age" residence ever built in Florida before 1900. The grand Victorian mansion has had all of its original rich architectural details restored. You will walk on 16 stunning original mosaic parquet floor patterns. The Victorians started our modern Christmas traditions like gift giving and Christmas trees, so what's better than seeing Christmas in one of the Victorian homes where it all started? The Stetson Mansion had one of the first trees ever illuminated with electric lights. That's what you get when Thomas Edison is your bff!. The Stetson Mansion is Florida's most historic home, but it is not a museum. It is a private residence that is lived in and welcomes guests this time of year with over the top elegant and reverent holiday decorations.
